

REMARKS

Applicant submits, contemporaneously herewith, a Request for Continued Examination pursuant to 37 C.F.R. § 1.114.

In response to the rejection of the claims under 35 U.S.C. § 112, the claims have been amended to overcome the antecedent basis issue. Furthermore, rather than claiming a "best-suited display format" this has been changed to a "selected display format".

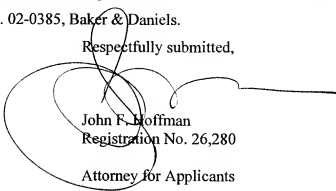

In paragraphs 15 and 16 of the Office Action, the Examiner contends that the term "list" is broad enough to encompass a single element. Although applicant disagrees with this assertion, the claims have been amended to clarify that the list comprises a plurality of display formats. Since Moriya does not disclose a data requesting device transmitting a list of useable display formats as the word "list" is currently defined in the claims, it is submitted that the claims are not anticipated by Moriya. Furthermore, nothing in Moriya would suggest or make it obvious to transmit a plurality of data display formats from a data requesting device from which list the data preparing device selects a single display format and transmits the requested data over the network in the selected display format.

It is submitted that the application is now in condition for allowance. However, if the Examiner believes that further issues remain, it is requested that he telephone the undersigned to discuss the same.
